Mirage® Roller Collection

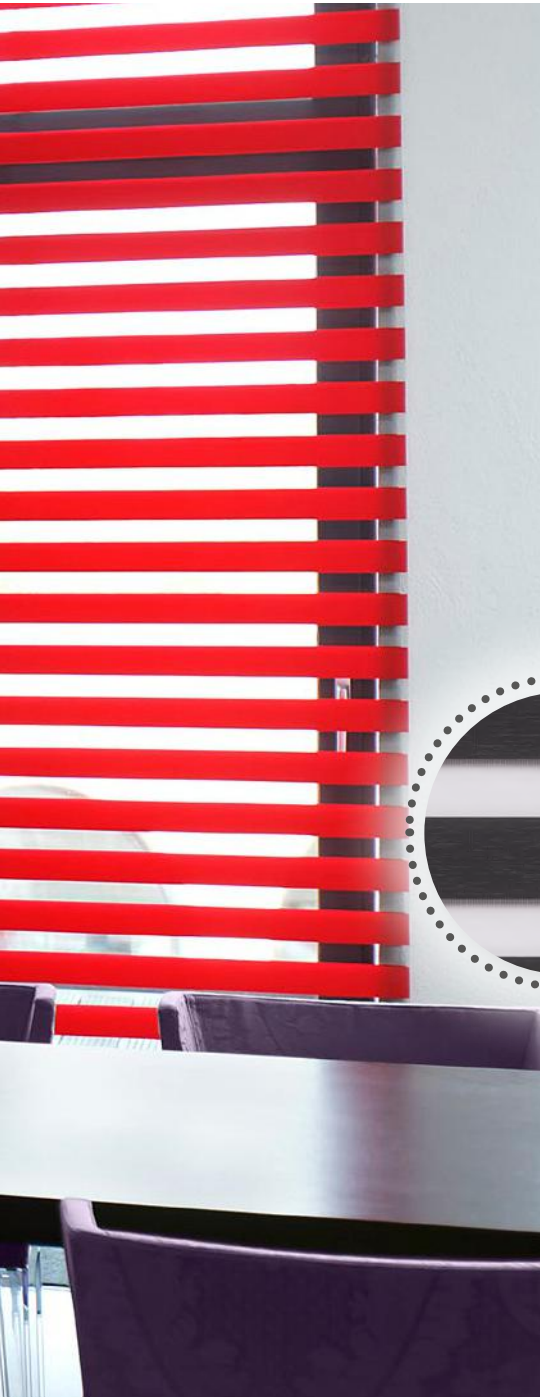

CHARMING
&
STYLISH

The Senses System combines the most desirable aesthetic features with innovative design.

Featured Fabric: Allure Scarlet

STYLE & FLEXIBILITY

Senses Mirage incorporates both the *style* of the Senses system with the *flexibility* of the Mirage fabric to offer enhanced light control.

Featured Fabric: Lustre Graphite

BEAUTIFUL FABRICS

.....

With 40 fabrics to choose from including plains and textures, in a variety of stunning colours, the Mirage collection offers *something for everyone*.

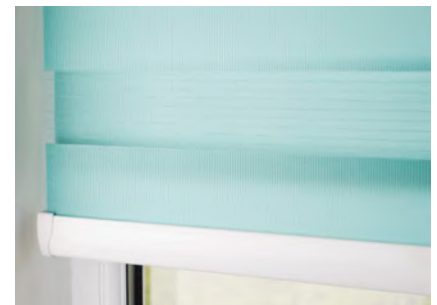

*The unique nature of Mirage allows **enhanced light control** giving additional lighting options not available with a traditional roller blind. Your blind can be fully open, fully closed or positioned anywhere in-between.*

SENSES® MIRAGE® SYSTEM

.....

Child Safety is an important consideration for all blinds. The Senses Mirage system offers you both a child safe by design and child safe component options to give you *peace of mind*. This means that whatever blind method works best in your home, you have a *stylish* and *simple* solution to make your blinds child safe.

All our components and systems are compliant with the Child Safety requirements of the legislation BS EN13120. Please ask your retailer for more information.

CHILD SAFE
PRODUCT

The Senses Mirage system is available both as a chain operated blind, and as a stylish Powershade motorised blind. Both options combine the style of Senses with the *elegance* of the Mirage fabric, giving you a *beautiful blind* for your home.

The chain operation lets you *manually raise and lower your blind* to your desired position. Use in conjunction with our range of Child Safety components for peace of mind.

POWER SHADE

The Powershade motorised blind allows you to operate your blind at the touch of a button. Child safe by design, this stylish system perfectly combines *form and function*.
